

Molding Window

Model: AC Motor Cover

Task: Evaluate alternative material

Study
1. AC Motor Cover (Note: two or more materials can be used for comparing materials for same study)

Injection locations	
X:	Already added in study
Y:	-
Z:	-

Material Data:

1. Training Materials : Training ABS 10 Unfilled

2. Training Materials : Training ABS 08 Unfilled

Table 10 AC Motor Cover	Mold Temperature °C	Melt Temperature °C	Injection Time s
1. Training ABS 10. Recommended processing			X
2. Training ABS 08. Recommended processing			X
3. Training ABS 10 (from Summary panel)			
4. Training ABS 08. (from Summary panel)			
5. Training ABS 10 (found from the zone plot)			
6. Training ABS 08. (found from the zone plot)
